

AMAZINGLY BOUNTIFUL REMARKABLY SUSTAINABLE

PLAYFUL GROUND COVER

The Safest Wood Product for Playgrounds

Organic Harvest's Playful Ground Cover is considered the safest wood product available for playgrounds because it is made from 100% virgin wood and contains no recycled content which may include metal or toxic residues. Playful Ground Cover is perfect for playgrounds, parks and pathways. When installed and maintained properly, Playful Ground Cover meets ADA, ASTM and CPSC playground surfacing standards and is wheelchair accessible.

Playful Ground Cover is 3/8"-2" minus elongated blunt or soft chopped ends.

GENERAL USE INSTRUCTIONS: Enhance the safety and functionality of your playground or park area by applying a layer of Playful Ground Cover. Begin by clearing the designated area of any weeds, debris, or rocks larger than 2 inches in diameter. Spread the bark at desired depth per park or playground specification to optimize fall impact absorption. Remember to create a smooth, level layer, but avoid piling bark directly against equipment bases or tree trunks. To maintain a safe and effective surface, replenish the bark layer annually or as needed, particularly in high-traffic areas.

VOLUME CALCULATION

Application rates range from 1" to 3" deep depending on whether use is new application or used for maintenance.

SQUARE FEET ▶	100	500	1000
Depth of 1"	.5 Cubic Yards	1.5 Cubic Yards	3 Cubic Yards
Depth of 2"	.75 Cubic Yards	3 Cubic Yards	6 Cubic Yards
Depth of 3"	1 Cubic Yards	5 Cubic Yards	10 Cubic Yards

BARKS

BENEFITS:
100%, all-natural wood product

•
Contains no chemicals or non-wood ingredients

•
Meets ADA playground surfacing standards
