

RAISED BED MIX

Plant This Soil-Less Medium Directly

OH! Organic Harvest Raised Bed Mix is a uniform, professionally blended, soil-less medium for landscapers and homeowners alike. It is blended to eliminate the need for mixing. OH! Organic Harvest Raised Bed Mix is added directly into planter boxes, outdoor containers and raised beds. The mix is fast draining and can be used for all acid-loving plants because of its peat moss content.

Ingredients include compost, peat moss, sand, pumice, gypsum.

GENERAL USE INSTRUCTIONS:

To start, fill your raised bed, pot, or container with OH! Organic Harvest Raised Bed Mix. That's it! Now you're ready to plant! To ensure your plants have enough growing medium after settling, fill the container slightly higher than your desired final level as over time the soil will settle by about 20%. This all-in-one mix is specially formulated to eliminate the need for additional amendments. Simply fill, plant, and watch your plants thrive!
